

INSTRUCTIONAL RESOURCES SELECTION AND ADOPTION PROCESS

The Board of Education values a systemic, ongoing process of adopting primary instructional resources for students and teachers in grades P-12. The administration is responsible for designing the processes for selecting new instructional resources. The Executive Director of Teaching and Learning shall recommend to the Board of Education all changes to the district's approved list of primary instructional resources. The Board of Education shall approve new instructional resource adoptions at least on an annual basis, generally in April or May.
